## MTI Affiliation FAQs

### **What is an Online Affiliation Programme?**

This is a system where you can sell MTI online products in return for a set commission. An offline example is if you were an affiliate or agent for a tennis racquet manufacturer where you would have to buy stock at a discounted price then would have to sell the stock for a price at a profit. The real pain here is one having to fork out capital to buy the stock in the first place and two having to store the stock. The really good news with this affiliation programme is that you don't have to spend a penny or use your spare room to store any stock! No stock to buy and no stock to store!

### **How does it work?**

You will be given your unique link code which links directly to the MTI website. You can apply this link to an email to your prospective customers. These can be your pupils, friends, family, and apprentices; just about anyone, anywhere really. You can also use a banner which we supply also for you to use either on an email or your own website. All you really have to do is to urge them to invest in the MTI DVDs or become an MTI member if they want the 'Gold' service, to really improve their tennis. Once your email or webpage is presented to your prospects, all they have to do is to click on the banner (link) and they will be taken straight to the playmoderntennis.com products page. Once they buy a product, the programme will automatically recognise your link that the customer came through and therefore that you are owed 20% commission on that sale. That commission is automatically recorded to your personal 'stats' graph in your affiliation area, which you will be shown as soon as you sign up. You see, everything happens instantly and automatically without you having to do anything! You will then get paid via cheque from us at the end of each month.

### **Do I need a website?**

No. You can use your unique link via a banner on your webpage if you do have a website, but the very minimum you will need is an email address in order to use your special link.

### **Will my customers know that I receive a commission?**

No. All that information is completely private between MTI and their affiliates.

### **How do I get paid?**

Via cheque at the end of the month.

### **How do I track payments owed to me?**

When you sign up you will be given access to the Affiliate Area. From here you can monitor your 'stats' and sales progress as they come in. You can then cross match the commission due with our payment to you.

### **If my customers visit the MTI website via my link but choose not to buy on that occasion but choose to do so at some subsequent date and buy without using my link, will I miss out on my commission?**

Don't worry, we have utilised the best affiliate software for you so the site will recognise each visitor through your link. So if they revisited on this basis, the system will still recognise your customer. Some affiliate software does not allow for this, but we came up trumps just for you!

**No stock to buy, no stock to store, no affiliation charges, no losing track of what you are owed and no website to invest in. Just pure profit to you.**
